

Newsletter # Twenty-Six

April 26th, 2007

HELLO AGAIN AND AGAIN!

Thanks so much for your very positive and heartfelt response to The Return of the Newsletter of Hot Tropics.

Here, following, in this Issue #26 are many new listings after months of absence. Throughout the next month there will be additional new property listings added at random to our website, until we are caught up. Some are extraordinary, some are just good deals. They represent a very wide spectrum of places and prices throughout Costa Rica.

Talk to you soon, with more stories of Life in Costa Rica, and hope to see you here in May, the absolutely best time of year ...

Harvey
